3rd INTERNATIONAL PROJECT MEETING IN PLOCK

11-14 June 2018

**Project "Motivating young Europeans",
number 2017-1-DE02-KA202-004129**

The third meeting of the project partners was held from 11th to 14th June 2018 in Plock, Poland. The meeting was organised by Zespół Szkół Technicznych w Plocku. The organizer in the school was Agnieszka Stanczyk-Jablonska – the project coordinator and Malgorzata Szczepanska – an English teacher.

The participants of the meeting included representatives of the following institutions:

- HEMS Heinrich-Emanuel-Merck Schule (vocational school) from Darmstadt, Germany
- IHK (Chamber of Industry and Commerce) from Darmstadt, Germany
- Merck KGaA (a company) from Darmstadt, Germany
- Istituto di Istruzione Superiore di Stato (vocational school) from Brescia, Italy
- PIKC Liepājas Valsts Tehnikums (vocational school) from Liepāja, Latvia

The goal of the meeting was to discuss materials for intercultural and international motivation training.

On the first day the project partners visited a museum in the Stanislaw Malachowski High School - the oldest secondary school in Plock (from 12th century). They listened to the trumpet signal from the tower in the town hall. After that they had a meeting with the Vice Mayor of the City of Plock who was asked about the cooperation between the authorities and vocational schools, how vocational training is organised, how city council members are elected and what companies are in Plock.

Later that day the participants visited the partner school – ZST and school workshops. They watched a presentation about the new system of education in Poland prepared and presented by Agata Gazda – an English teacher. They also watched a presentation about the Erasmus+ project for the school trainees entitled ‘My passport to the future career’ which had been conducted by ZST for the last 2 years.

On the second day partners visited 3 companies: Centromost Sp. z o.o. Stocznia rzeczna, CNH Industrial Polska Sp. z o.o, Budmat Bogdan Więcek which organize apprenticeships for vocational school learners in ZST.

During the meeting project partners discussed project management, project schedule, number of participants and number of trainees to take part in the learning stay abroad.

On the last day of the project meeting all the participants filled in online evaluation form. The results revealed that the meeting had been organized perfectly and had met everybody's expectations. Zespół Szkół Technicznych is responsible for the overall quality management and the evaluation of the project. Thus, the Polish coordinator had prepared an evaluation form which was filled in by every coordinator from the partner institutions. The evaluation form was designed to make a SWOT analysis of the first year of the project and evaluation report after the first year.
