**16-20 September 2019**

**Project "Motivating young Europeans",  
number 2017-1-DE02-KA202-004129**

The last meeting of the project partners was held from 16<sup>th</sup> to 20<sup>th</sup> September 2019 in Brescia, Italy. The meeting was organised by Istituto di Istruzione Superiore di Stato and Municipality of Brescia, Italy.

The participants of the meeting included representatives of the following institutions:

- HEMS (Heinrich-Emanuel-Merck Schule) - Darmstadt, Germany
- Zespół Szkół Technicznych - Płock, Poland
- Merck KGaA - Darmstadt, Germany
- Municipality of Darmstadt, Germany
- University of Darmstadt, Germany
- PIKC Liepājas Valsts Tehnikums.

Zespół Szkół Technicznych was represented by project coordinator Mrs Agnieszka Stańczyk-Jabłońska and teachers Bożena Piorkowska, Grazyna Kalinowska, Anita Dziembowska, Malgorzata Sroka and Maria Kapturska.

The goal of the meeting was to sum up the project, prepare the Final Report and participate in the conference summing up the project results.

On the first day there was a meeting in the school summing up the project. The coordinating institution presented the results of project evaluation which had been completed online before the meeting. In the afternoon there was a visit to Mille Miglia Museum.

On the second day the participants went to Santa Giulia to the preliminary meeting with the representatives of Cooperativa Tempo Libero, C.C.I.A.A., AIB, API Industria. The purpose of the meeting was to discuss the evaluation of the project and present the ideas and concepts of the new projects. In the afternoon there was a visit to Santa Giulia Museum and a guided tour of Brescia.

On the third day there was a conference at the Chamber of Commerce entitled "Professional Education in Europe and work opportunities for young Europeans". Every project partner presented the Report of the institution, the project results and future plans. In the afternoon there was a visit to the castle of Brescia.

Finally, the project turned out to be a great success. We prepared lots of useful materials which will be used in the future projects.
